

This page is designed to be cut into bookmarks for each list that you will read. Daily, read a chapter from each list. As you read a chapter simply move the bookmark from one chapter to the next. When you finish one list, start that list over. The numbers in parentheses are how many chapters are in the list and will help you gauge how long each list will take to complete. Reading this way, you will never read the same chapters together twice. Just another benefit of [A Simple System!](#)

A SIMPLE SYSTEM

A new Bible reading system that can unlock the transformational power of mind renewal!

“And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.”

Romans 12:2

Let me share my story with you of near destruction and overcoming with God's Word.

I received Christ when I was thirteen years old during summer camp. Several years later I went to Bible School and began serving in the ministry in my early twenties. Even though I had a relationship with God for nearly thirty years, I still struggled well into my forties with many issues in my mind and soul. Over the years I had prayed, fasted, praised, worshipped, read, studied, quoted, and confessed. I had tried everything! Primarily, anxiety and depression continued to plague me most of my adult life. They had become an almost constant, unwelcome companion. I had come to a place where I had given up on ever conquering these issues and I was, quite frankly, losing the battle. As a result of these challenges, life with me was not easy for me or my loved ones and it was only getting worse.

During my early forties, I found myself desiring to see more of God in operation in my life. I was already praying, reading my Bible, even studying and journaling each day, but I still wanted more of Him and felt led into a fast. I decided to read more of the Word of God during this time. I always loved reading the stories of Joshua, David, and the other mighty men of the Bible. So, I began there. I then stumbled across a Bible reading system created by Professor Grant Horner. I wound up reading from many

different sections, about seven extra chapters per day. I was not studying them, but simply reading like I would read a novel.

The more I followed this daily routine the more peace and freedom I began to experience! I found that when I drastically increased my intake of the Word battles that I had fought for decades I no longer had to fight. Burdens that I carried for decades I no longer had to carry. I believe that many others in the Body of Christ have been distracted fighting unnecessary battles and carrying unnecessary burdens.

Our objective in implementing a system like this is not to change our position with God. We are always righteous, loved, redeemed, and his child if we have received him! However, our aim is to change our condition, not our position, as a human and as a disciple of Christ. The end goal is to access the transformational power available from the process of mind renewal.

Join me in this new approach to reading the Bible that I believe will help you unlock the transformational power of mind renewal! With this simple system, you will read from seven different sections of the Bible each day. It takes an average of four minutes to read a chapter in the Bible. So, reading seven chapters will only take you an average of twenty-eight minutes a day. I challenge you to fast one t.v. show and try this system for twenty-eight days and see if you notice a change in your life!

Simple Benefits to A Simple System

- Increased amount of the Word of God = a renewed mind!
- This system is not calendar based. No penalty if you miss a chapter or a day, and you may read more as you have the need or desire
- Don't get overwhelmed trying to read one section of the Bible all at once
- Frequently seeing God's Word confirmed through cross reference as you simply read
- An increase in overall understanding and comprehension of scriptures in context and of the Bible as a whole
- Bible stories are vivid in your memory and more easily recalled during messages and group Bible study

Practical Tips to Maximize A Simple System

- Begin with a Bible version that is easy for you to read.
- I highly recommend using a paper Bible. I have found it to be much less distracting than a tablet or phone.
- Read slow enough to catch what you're reading, but fast enough to not get distracted and to finish the seven chapters daily if possible. The more you read the Bible the faster and easier you will be able to read it!
- Resist the urge to stop and study more in depth until you have completed the day's reading. If something catches your attention, highlight it or make a note and go back later and look more in depth.

I pray that as you use A Simple System on purpose - the same system that I began using on accident - that you will discover the same peace and freedom that I found. It is my heartfelt desire that you will be able to stop carrying unnecessary burdens and stop fighting unnecessary battles in your own life. As a result, you will be able to follow God's specific plan for your life more freely. God's Word will work for you the same as it did for me!
